What is Legacy Landscapes Fund? Legacy Landscapes Fund (LLF) was established in 2020 as an independent charitable foundation under German law. It was set up to address the biodiversity financing gap by sourcing significant and sustained funding from both public and private donors.

FACTS & FIGURES

VISION
A global network of sustainably funded and effectively managed conservation areas

MISSION
Safeguard biodiversity and preserve ecosystem services by providing long-term financial support to globally significant conservation areas

GOAL
Secure USD one billion by 2030 to provide long-term, flexible core financing to at least 30 landscapes relevant for global biodiversity and climate change

→ Our grant program blends public and private funds to provide long-term, secure financial support to terrestrial protected areas

→ LLF offers grants of USD one million per legacy landscape, per year, for a minimum of 15 years, but aims to provide this for perpetuity

→ The fund finances partnerships between NGOs, indigenous and local communities, and protected area authorities to support efficient management of protected areas and their buffer or adjacent areas

→ LLF facilitates sustainable conservation through systematic application of internationally recognized environmental, social, and human rights standards, which include the needs and rights of indigenous people and local communities
CALL FOR PROPOSALS

**2020**
Seven pilot programs

**2022**
Open call for proposals: seven potential programs under full proposal development

NO. OF GRANTS
- 7 Grants
- 7 Countries
- 3 Continents
- 7 Potential new grants in 2023

TOTAL AREA PROTECTED
- 73,000 km²

GRANTEES
- NGOs and indigenous community conserved areas (ICCs) in partnership with national conservation authorities

AUDITS & EVALUATIONS
- Regular financial audits of the grantees and milestone evaluations every five years and impact reporting every six months

GOVERNANCE & MANAGEMENT

SUPERVISORY BOARD
- Dr Heike Henn (Chair appointed by BMZ)
- Dr Thomas Duve (Deputy Chair appointed by KfW)
- Guillaume Chiron (Board Member, Agence Française de Développement)
- Aileen Lee (Board Member, Gordon and Betty Moore Foundation)
- Barry Gold (Board Member, Rob & Melani Walton Foundation)

All members serve on an unpaid basis.

MANAGEMENT BOARD
- Stefanie Lang (Executive Director)
- David Morrison (Deputy Director)

The executive director is paid; the deputy director currently serves on a pro bono basis.

TEAM
- Four program staff, one communications coordinator, and one program assistant, plus additional financial, human resources, and communications support from Nature Trust Alliance.

PARTNERS

PUBLIC DONORS
- German Ministry for Economic Cooperation and Development (BMZ)
- Agence Française de Développement (AFD)

PHILANTHROPISTS AND PRIVATE FUNDERS
- Gordon and Betty Moore Foundation
- Rob & Melani Walton Foundation
- Wyss Foundation
- Arcadia Fund
- Procter & Gamble

NGOS & STRATEGIC PARTNERS
- KfW Development Bank (KfW)
- International Union for Conservation of Nature (IUCN)
- UNESCO World Heritage Centre
- Campaign for Nature (CN)
- Frankfurt Zoological Society (FZS)
- African Parks (AP)
- Wildlife Conservation Society (WCS)
- Conservation International (CI)
FINANCE

CONTRIBUTIONS

- Total available foundation capital: $263.1 million
  - Public: $223.1 million
  - Private: $35 million

- Total match funding: $35 million
  - Private

INVESTMENT

- Investment policy under Socially Responsible Investing (SRI) criteria in place

EXPENSES RATIO

- Administration Expenses
- Total Pro Forma Expenses = 8.0%

LEGACY LANDSCAPES MAP

- Pilot sites
- Potential upcoming sites

- Locations include:
  - Yasuni, Ecuador
  - Tumucumaque, Brazil
  - Chiribiquete, Colombia
  - Manu-Purús, Peru
  - Madidi, Bolivia
  - Odzala-Kokoua, Congo
  - Iona, Angola
  - Etoha, Namibia
  - Gunung-Leuser, Indonesia
  - Cardamom Mountains, Cambodia
  - Tambrauw Mountains, Indonesia
  - North Luangwa, Zambia
  - Makira-Masaula, Madagascar
  - Gomarezhou, Zimbabwe
